

**NEW YORK, August 12, 2020** – *Inc.* magazine today revealed that Precision Medical Products is No. 2,209 on its annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Intuit, Zappos, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

"It's our mission to save lives through innovative medical products. That mission is the fuel that drives us to work harder and think smarter. I am proud of our commitment to excellence and decade long history of growth." says PMP CEO Jeremy Perkins.

Not only have the companies on the 2020 Inc. 5000 been very competitive within their markets, but the list as a whole shows staggering growth compared with prior lists as well. The 2020 Inc. 5000 achieved an incredible three-year average growth of over 500 percent, and a median rate of 165 percent. The Inc. 5000's aggregate revenue was \$209 billion in 2019, accounting for over 1 million jobs over the past three years.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at [www.inc.com/inc5000](http://www.inc.com/inc5000). The top 500 companies are also being featured in the September issue of *Inc.*, available on newsstands August 18.

"The companies on this year's Inc. 5000 come from nearly every realm of business," says *Inc.* editor-in-chief Scott Omelianuk. "From health and software to media and hospitality, the 2020 list proves that no matter the sector, incredible growth is based on the foundations of tenacity and opportunism."

The annual Inc. 5000 event honoring the companies on the list will be held virtually from October 23 to 27, 2020. As always, speakers will include some of the greatest innovators and business leaders of our generation.

2020 marks the ten year anniversary of the Rocklin, California based med tech company. PMP has grown from their foundation as a distributor of medical products, to an innovator in the bracing, cryo-therapy, and DVT prevention market. PMP looks forward to continue assisting surgeons, clinics, and hospitals around the country provide the best care for their patients.
